## |Plaxis 3D Foundation V1.6

### •Attention1:

If you don't do the steps **respectively**, the software never runs on your computer and you must **uninstall** these programs and updates from your computer. For uninstalling, you should delete all the updates from Control Panel → Add or Remove Program.

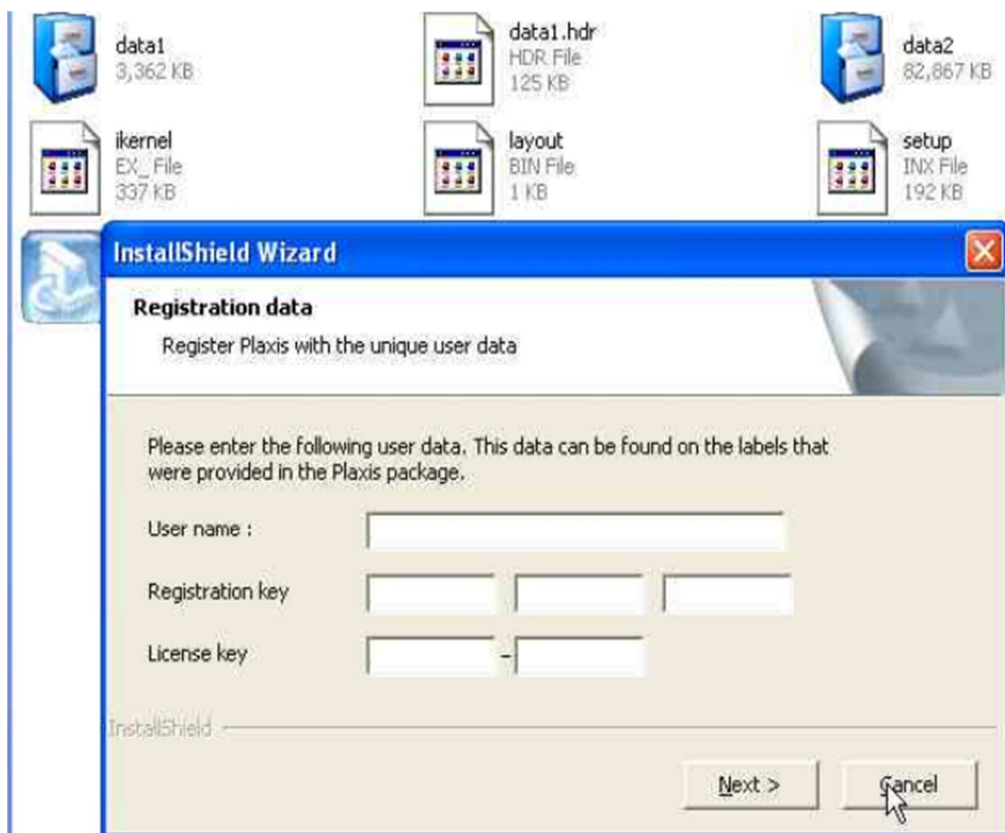

☒ This software has been tested tested with windows XP and 7.

### •Attention2:

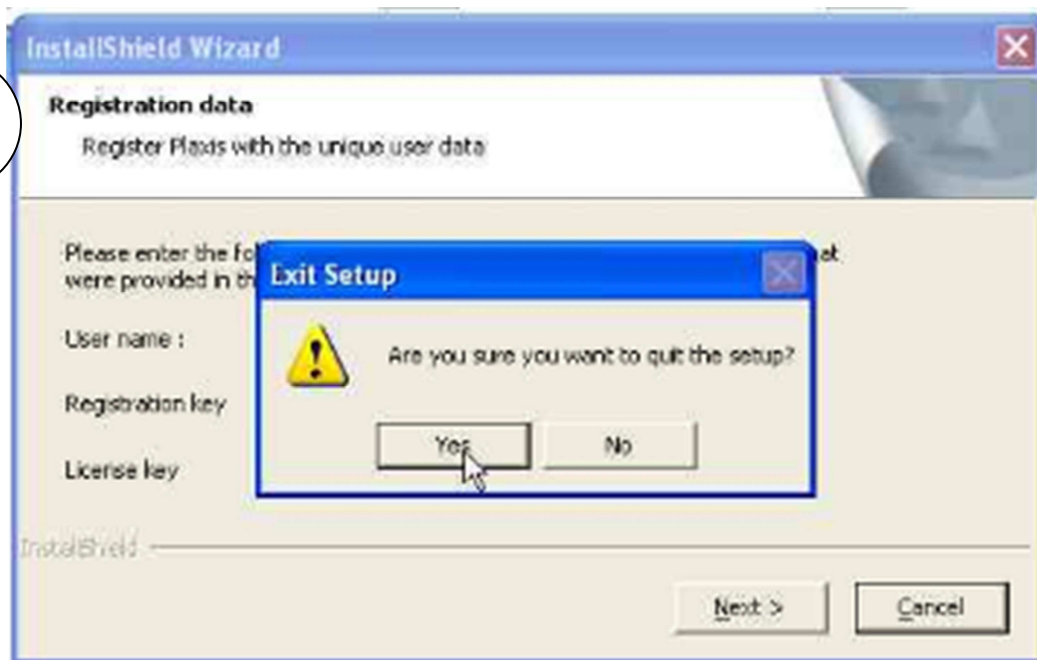

(Folder 1 contains Plaxis 1.5 setup but because there is no license for this version setup runs Plaxis 1.1 automatically.)

## Step ①:

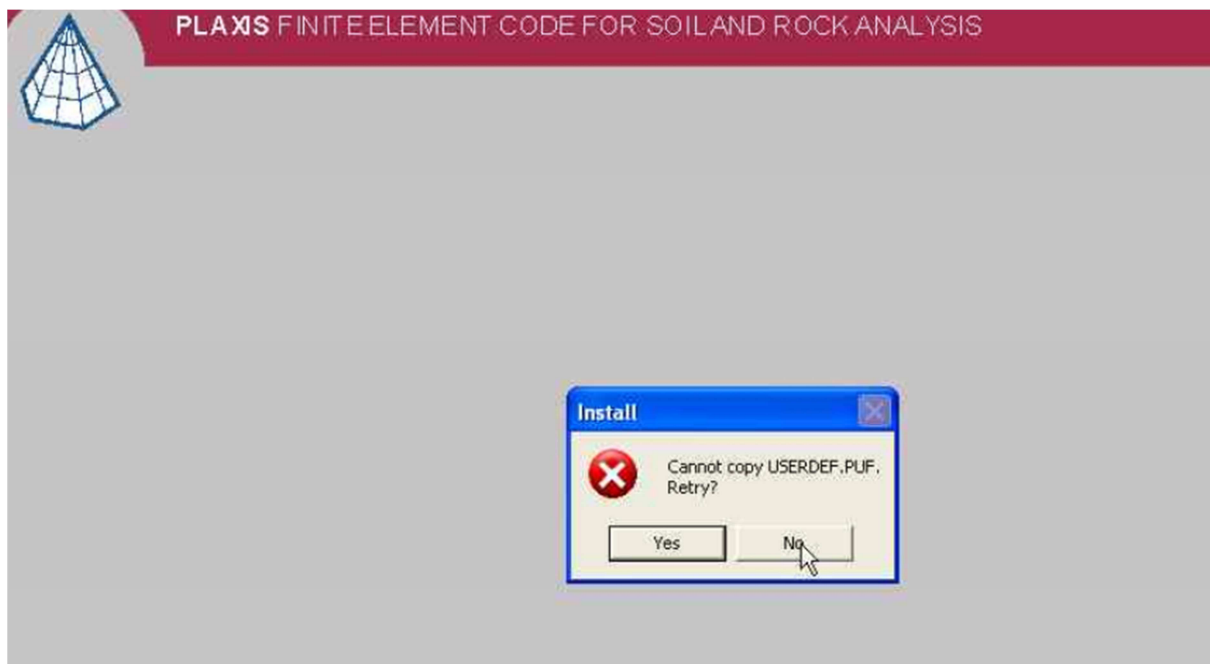

Open **folder1** and double-click Setup, then as it's shown below choose cancel to continue installation process of Plaxis 1.1.

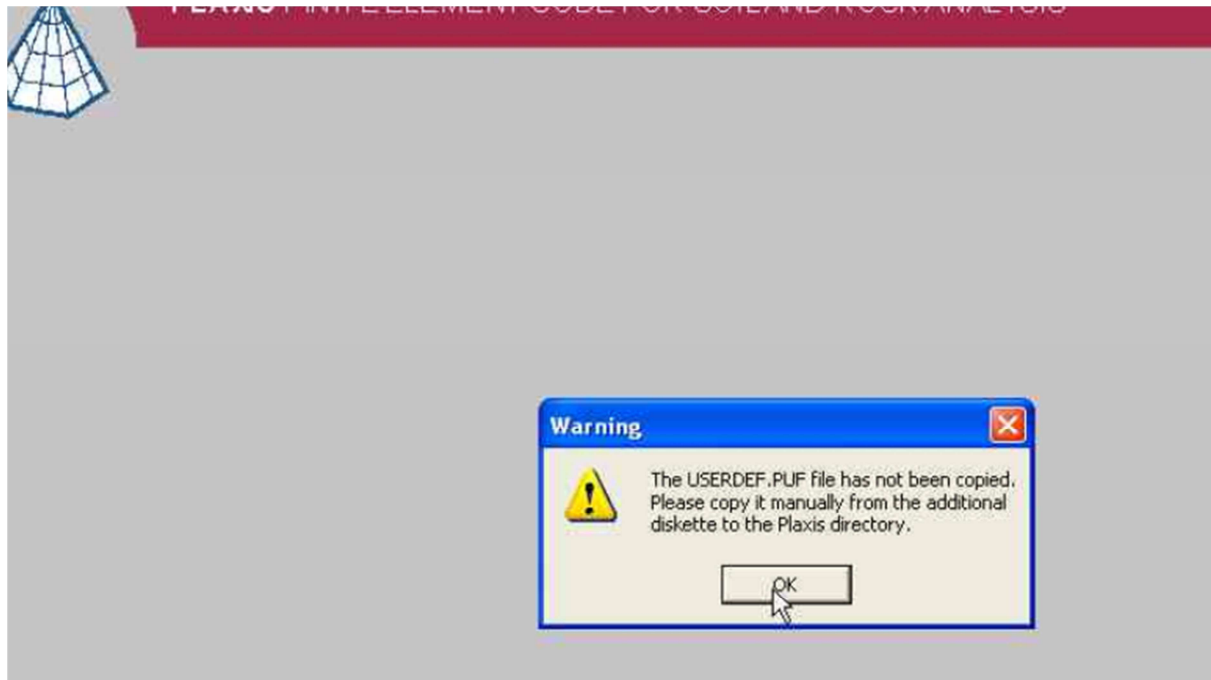

2

When setup complete an error will occur, there is no problem ,only select No.

3

## Step❷:

Open **folder1**→**Update Pack**

Install update files FNS11UP2 and FNS11UP3 in order.

## Step❸:

Open **crack folder** and Copy all Contents of Plaxis Folder to it , it's usually in this directory:

C:\Program Files\PLAXIS 3d Foundation

## ⇒Open folder 2:

## Step❹:

Install **FNS11UP5** and **FNS15** and **hldrv32** in order.

➡Open folder3:

Step 5:

Open **sp5 crack** and copy all contents to folder which you installed software.

Step 6:

From the files you’ve copied from the last step, double-click 2 files which are shown below in order.

1	 00006372.reg	2005/19/12 11:00 ...	Registration Entries	1 KB
	 devcon.exe	2002/29/08 01:00 ...	Application	43 KB
2	 free install.bat	2005/12/12 12:40 ...	Windows Batch File	1 KB
	 removed.reg	2009/20/08 03:21 ...	Registration Entries	1 KB
	 un install.bat	2009/20/08 03:41 ...	Windows Batch File	1 KB
	 USERDEF.puf	2005/12/12 01:40 ...	Plaxis User File	1 KB
	 vusbbus.cat	2002/28/10 11:00 ...	Security Catalog	1 KB
	 vusbbus.inf	2002/21/10 11:00 ...	Setup Information	2 KB
	 VUsbBus.sys	2005/12/12 12:49 ...	System file	56 KB

➡Open folder4:

Finally install PLX3DF16 .This is an update file which upgrade your software to Plaxis 1.6.
